BWXT Pantex Worker's Bill Of Rights

The health and safety of every worker is a cornerstone on which the mission of BWXT Pantex is based. Any worker who reasonably believes his or her personal safety is or has been jeopardized has the right to raise issues and stop work without fear of reprisal, harassment, or retaliation. In addition, all workers have rights that are stipulated on the back of this card. Should you have any problems, call Eddie Magness at 477-5104 or Joe Lockwood at 477-3751.
